BUILD. AUTOMATE.

AES helps turn components into complete, application-ready solutions.

80/20 VALUE-ADDED ASSEMBLY

DESIGN • MACHINING • FABRICATION • COMPLETE ASSEMBLY

Guarding, machine enclosures, workstations, racks and custom structures built around the application.

ROBOTICS + AUTOMATION

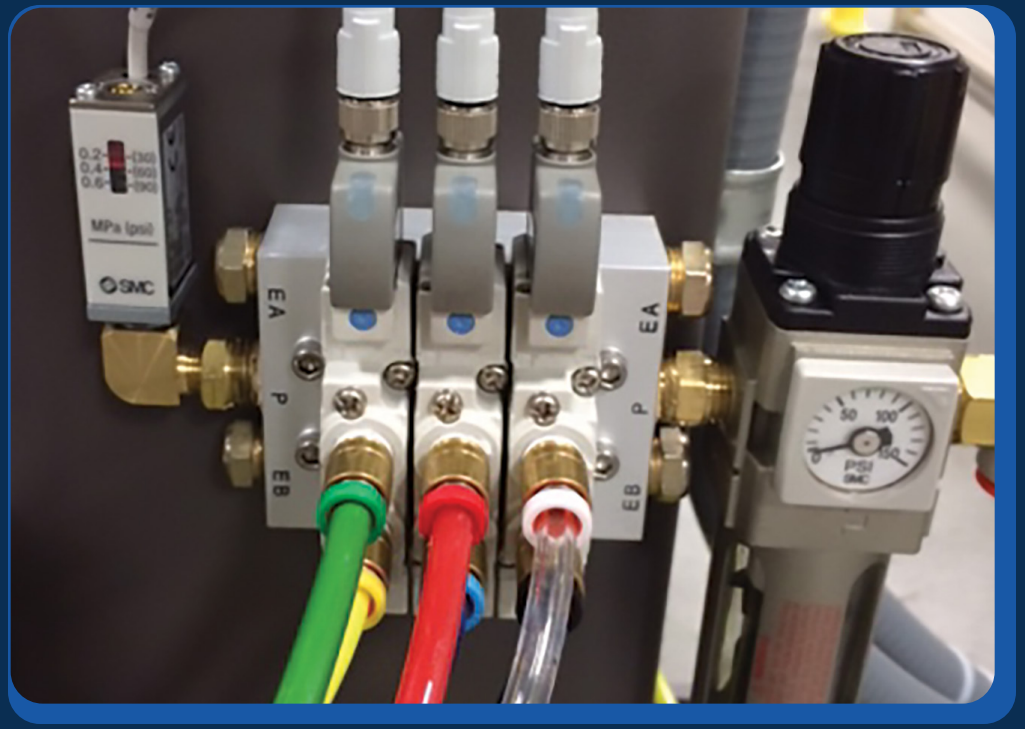

INDUSTRY-LEADING, HIGH-SPEED INDUSTRIAL ROBOTS.

Industrial robots, motion, sensing, controls and safety products supported by local application knowledge.

SOURCE → ENGINEER → BUILD

ASSEMBLE. PREPARE.

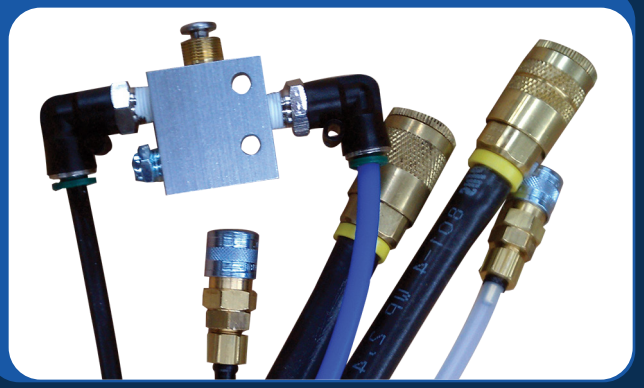

Move repetitive work upstream so your production team can focus on building.

FROM COMPONENTS TO LINE-READY

KITTING, SUB-ASSEMBLY AND COMPLETE ASSEMBLIES LINE-READY.

Kitting, sub-assembly and complete assemblies can arrive organized and ready for production.

CUT + PACKAGE + IDENTIFY

SIMPLER REPLENISHMENT • PRODUCTION READY

Pneumatic tubing prepared in specified lengths and quantities with part-number identification.

ADD VALUE → STOCK → DELIVER READY
